

Space MONKEY

Getting Started

1 Create Your Password

Check for an email from Vivint's Space Monkey team to create your password.

2 Set Up Your Space Monkey

Plug your Space Monkey into a surge protected power outlet and your wireless internet router with the included cables.

3 Download the App

Download the Space Monkey App from your iOS or Android app store to connect your Space Monkey Device to your smart phone.

You can also download the desktop apps from:
spacemonkey.com/install

You're Ready!

You can now backup and share all your photos and files.

Having Trouble?

I'm Not Getting an Email

Check your spam folders. Not there? Go to [Spacemonkey.com/password](https://spacemonkey.com/password) to request a new email.

My App Can't Find My Space Monkey Device

Ensure that your phone is connected to the same Wi-fi network as your Space Monkey Device.
